

Finally! Affordable and attractive refrigerated bakery and pastry display cases! Find quality [bakery showcases](#) here at guaranteed best prices. Furnotel bakery displays are perfect for the small cafe to the big high volume bakery. With straight or curved glass designs, these cases will fit full size sheet pans to display cakes, breads, cookies, and other baked goods.

Besides some basic equipment like deck oven and dough mixer to the kitchen, a bakery display case is important to the selling area. It must be with beautiful appearance and high performance to keep foods fresh. Impulse sales will surely increase once customers see your food under the spotlight of the shielded, top LED light. It's as equipment for displaying the food, also as a decoration in the shop.

Furnotel series bakery showcases are to be mostly glass cover based. Glass sides and tops compliment the lighted shelves. The showcases offer a great balance of affordability and beautiful design, LED lights inside for perfect displaying the food.

Normal temperature bakery showcase, glass walls at four sides for clear observation. Front curved glass, all the glasses are made of tempered glass. Divided layers setting enables reasonable use of space. Equipped with LED lights. All models are ventilated to keep fresh the cakes and bread inside.

Refrigerated static display cabinet suitable for the display of cake and pastry products. Thanks to its line it gives a wide visibility to the displayed products. Front curved glass. All the glasses are made of tempered glass. With one intermediate shelves with lighting. Double-glazed sliding doors, and reduce the movement of the air inside. Rear sliding doors.

As the display cabinet can play an important role as decoration, the color and model are sometimes limited by the shop decoration, so our cake display cases are available for customized. Design drawings before production to make sure the accurate dimensions.
